- Ideal for use in high risk environments such as construction sites, correctional facilities, schools, maintenance areas, and nurseries/retail locations
- The unique security system includes a high visibility steel barrier bar secured across both doors to deter prying
- Padlock holes on crossbar and side bar channel are located on each side of the cabinet, provide double-layered steel strength and accept No. 5 Master Locks
- Protect workers, reduce fire risks, and improve productivity by storing flammable fuels and chemicals in code-compliant safety cabinets
- High-performance, self-latching doors close easily and securely for maximum protection under fire conditions

- Fail-safe closing mechanism ensures three-point stainless steel bullet latching system works every time
- For added security, U-Loc™ handle comes with a cylinder lock and key set or accepts an optional padlock
- Haz-Alert™ reflective warning labels are highly visible under fire conditions or during power outages when illuminated with a flashlight
- Patented SpillSlope® galvanized steel shelves direct spills to back and bottom of a leakproof 2" (51-mm) bottom sump and they adjust on 3" centers for versatile storage
- Feature dual vents with flame arresters, four adjustable self-leveling feet, grounding connector, and trilingual warning label
- Durable lead-free epoxy/polyester powder-coat finish provides excellent chemical resistance
- Self-close door shuts and latches automatically when a fusible link melts at 165°F (74°C) under fire conditions
- Unique, concealed self-closing mechanism offers obstruction-free access to contents
