Reg. 2,545.00\$

## **PRODUCT DESCRIPTION**

Door Type: Self-Closing Capacity: 22 gal. Width: 23.25" Depth: 18" Height: 65" No. Of Doors: 1 No. Of Shelves: 3 Standard(s) Met: FM/NFPA/OSHA Material: Steel Colour: Yellow Weight: 178 lbs.

- Use alone or alongside larger cabinets for expanded storage when floor space is limited
- Protect workers, reduce fire risks, and improve productivity by storing flammable fuels and chemicals in code-compliant safety cabinets
- High-performance, self-latching doors close easily and securely for maximum protection under fire conditions
- Fail-safe closing mechanism ensures three-point stainless steel bullet latching system works every time
- For added security, U-Loc <sup>™</sup> handle comes with a cylinder lock and key set or accepts an optional padlock

- Haz-Alert <sup>™</sup> reflective warning labels are highly visible under fire conditions or during power outages when illuminated with a flashlight
- Patented SpillSlope<sup>®</sup> galvanized steel shelves direct spills to back and bottom of a leakproof 2" (51-mm) bottom sump and they adjust on 3" centers for versatile storage
- Cabinets also feature dual vents with flame arresters, four adjustable self-leveling feet, grounding connector, and trilingual warning label
- Durable lead-free epoxy/polyester powder-coat finish provides excellent chemical resistance
- Self-close door shuts and latches automatically when a fusible link melts at 165°F (74°C) under fire conditions
- Unique, concealed self-closing mechanism offers obstruction-free access to contents

Category: Flammable Storage Cabinet
